Scratch Records is your one-stop shop for everything pop culture. We've got games, comics, books, art, and the best used records in the Denver area. We also carry specialty items, like a wide selection of Magic cards, dice, and guide books for role playing games. Have old games and books lying around the house? Bring them in and exchange them for store credit!

Here at Scratch Records, our primary goal is to share our love of media with

the people around us. Peppered through the store, you'll find handwritten recommendations from our staff on our favorite music, games, books, and more. We all have different specialties as well—some of us have played D&D for three decades and others write their own fantasy novels. We are also able to request special items like limited edition books and vinyls on request.

We are also passionate about engaging with our community. We hold events

every night we are open including Magic the Gathering tournaments, an open mic, and horror movie showings. We know that the only thing better than enjoying your favorite media is sharing it with your friends. Do you have a suggestion for a community event? Let us know! We love setting up special events. Hope to see you at Scratch Records soon!
